

SATURDAY PRACTICE

The Saturday prior to a race event (most tracks) will be an open practice. These practice sessions will run from 9:00 - 4:00 and will cost \$25.00 per rider. These practice days are a great opportunity to learn the track and get some seat time before race day. Overnight parking is available as well.

M.M.R.S. 2011 SCHEDULE

Maguire's Motocross Racing Series (M.M.R.S.) is a motocross/ATV racing series that offers a high level of competition on a wide variety of well prepared and maintained tracks. Our main goal is to provide a safe riding experience to riders of all ages and abilities, in a fun, family atmosphere.

"MMRS offers children the opportunity to challenge themselves & excel to their personal best while at the same time learning the benefits of winning, losing, competition and sportsmanship." This is a quote from one of our members that sums up the MMRS philosophy very well.

Even though MMRS was started to provide a place to ride, it has turned into so much more. Families, young adults and the young at heart can spend the weekend together at the track and meet great new friends. MMRS provides a great peer group for young and old. Most impressive is how courteous, polite and willing to help out everyone is, including the children and young adults.

The MMRS 2011 racing series offers Spring, Summer & Fall Trophy Series. The Fall Series will have 6" trophies for 1st place as well as pay back classes. MMRS has added a 5 round Provincial Series featuring trophies, #1 plate, large payback & prizes. These weekends are staggered, split weekends with ATV & MX racing on separate days. These weekends will allow riders seat time as well as a couple of days off.

MMRS has also added Canada's first ever Combined National for ATV's & MX featuring trophies, #1 plate, large payback and prizes. This event will be held Sept. 1-4 at the Madoc track, so get your holidays booked!!

Look for a host of new sponsors who have come onboard this year. Please try to patronize them whenever possible. It is through their support that MMRS continues to grow.

Be sure to check out our new website and follow us on Facebook, Twitter and You Tube to keep in touch with other members and get the latest news about track conditions, changes and cancellations to the schedule.
